Quality care within a **close-knit, supportive community**

Homely, well-established and highly-regarded, Meadow Rose provides quality care and support for up to 56 residents.

MACC Care's comfortable home takes pride in offering a family environment that revolves around community - residents' relatives and friends, members of the local community and volunteers all make up our extended family. Adding to the personal enrichment that comes from genuine friendships and camaraderie, a varied activities and events programme means there's always something new for residents to experience, whether it be a gentle yoga session, fun game of skittles or some 'mocktail' mixing!

Meadow Rose strives to deliver excellent nursing, residential, dementia and respite care whilst nurturing the individual sense of belonging that is essential for residents' emotional wellbeing.

You, or a loved one, can look forward to personalised care and support, plus a real sense of togetherness in the home, with essential support extended to family members and friends too.
