Quality care at the heart of the local community

Studley Rose – one of MACC Care’s newest state-of-the-art luxury care homes – provides a warm, compassionate, safe and friendly environment for up to 65 residents.

Purpose designed and built with meticulous attention to detail, the home offers first-class facilities – a place where residents can feel at home in a spacious and comfortable setting featuring every amenity they could wish for.

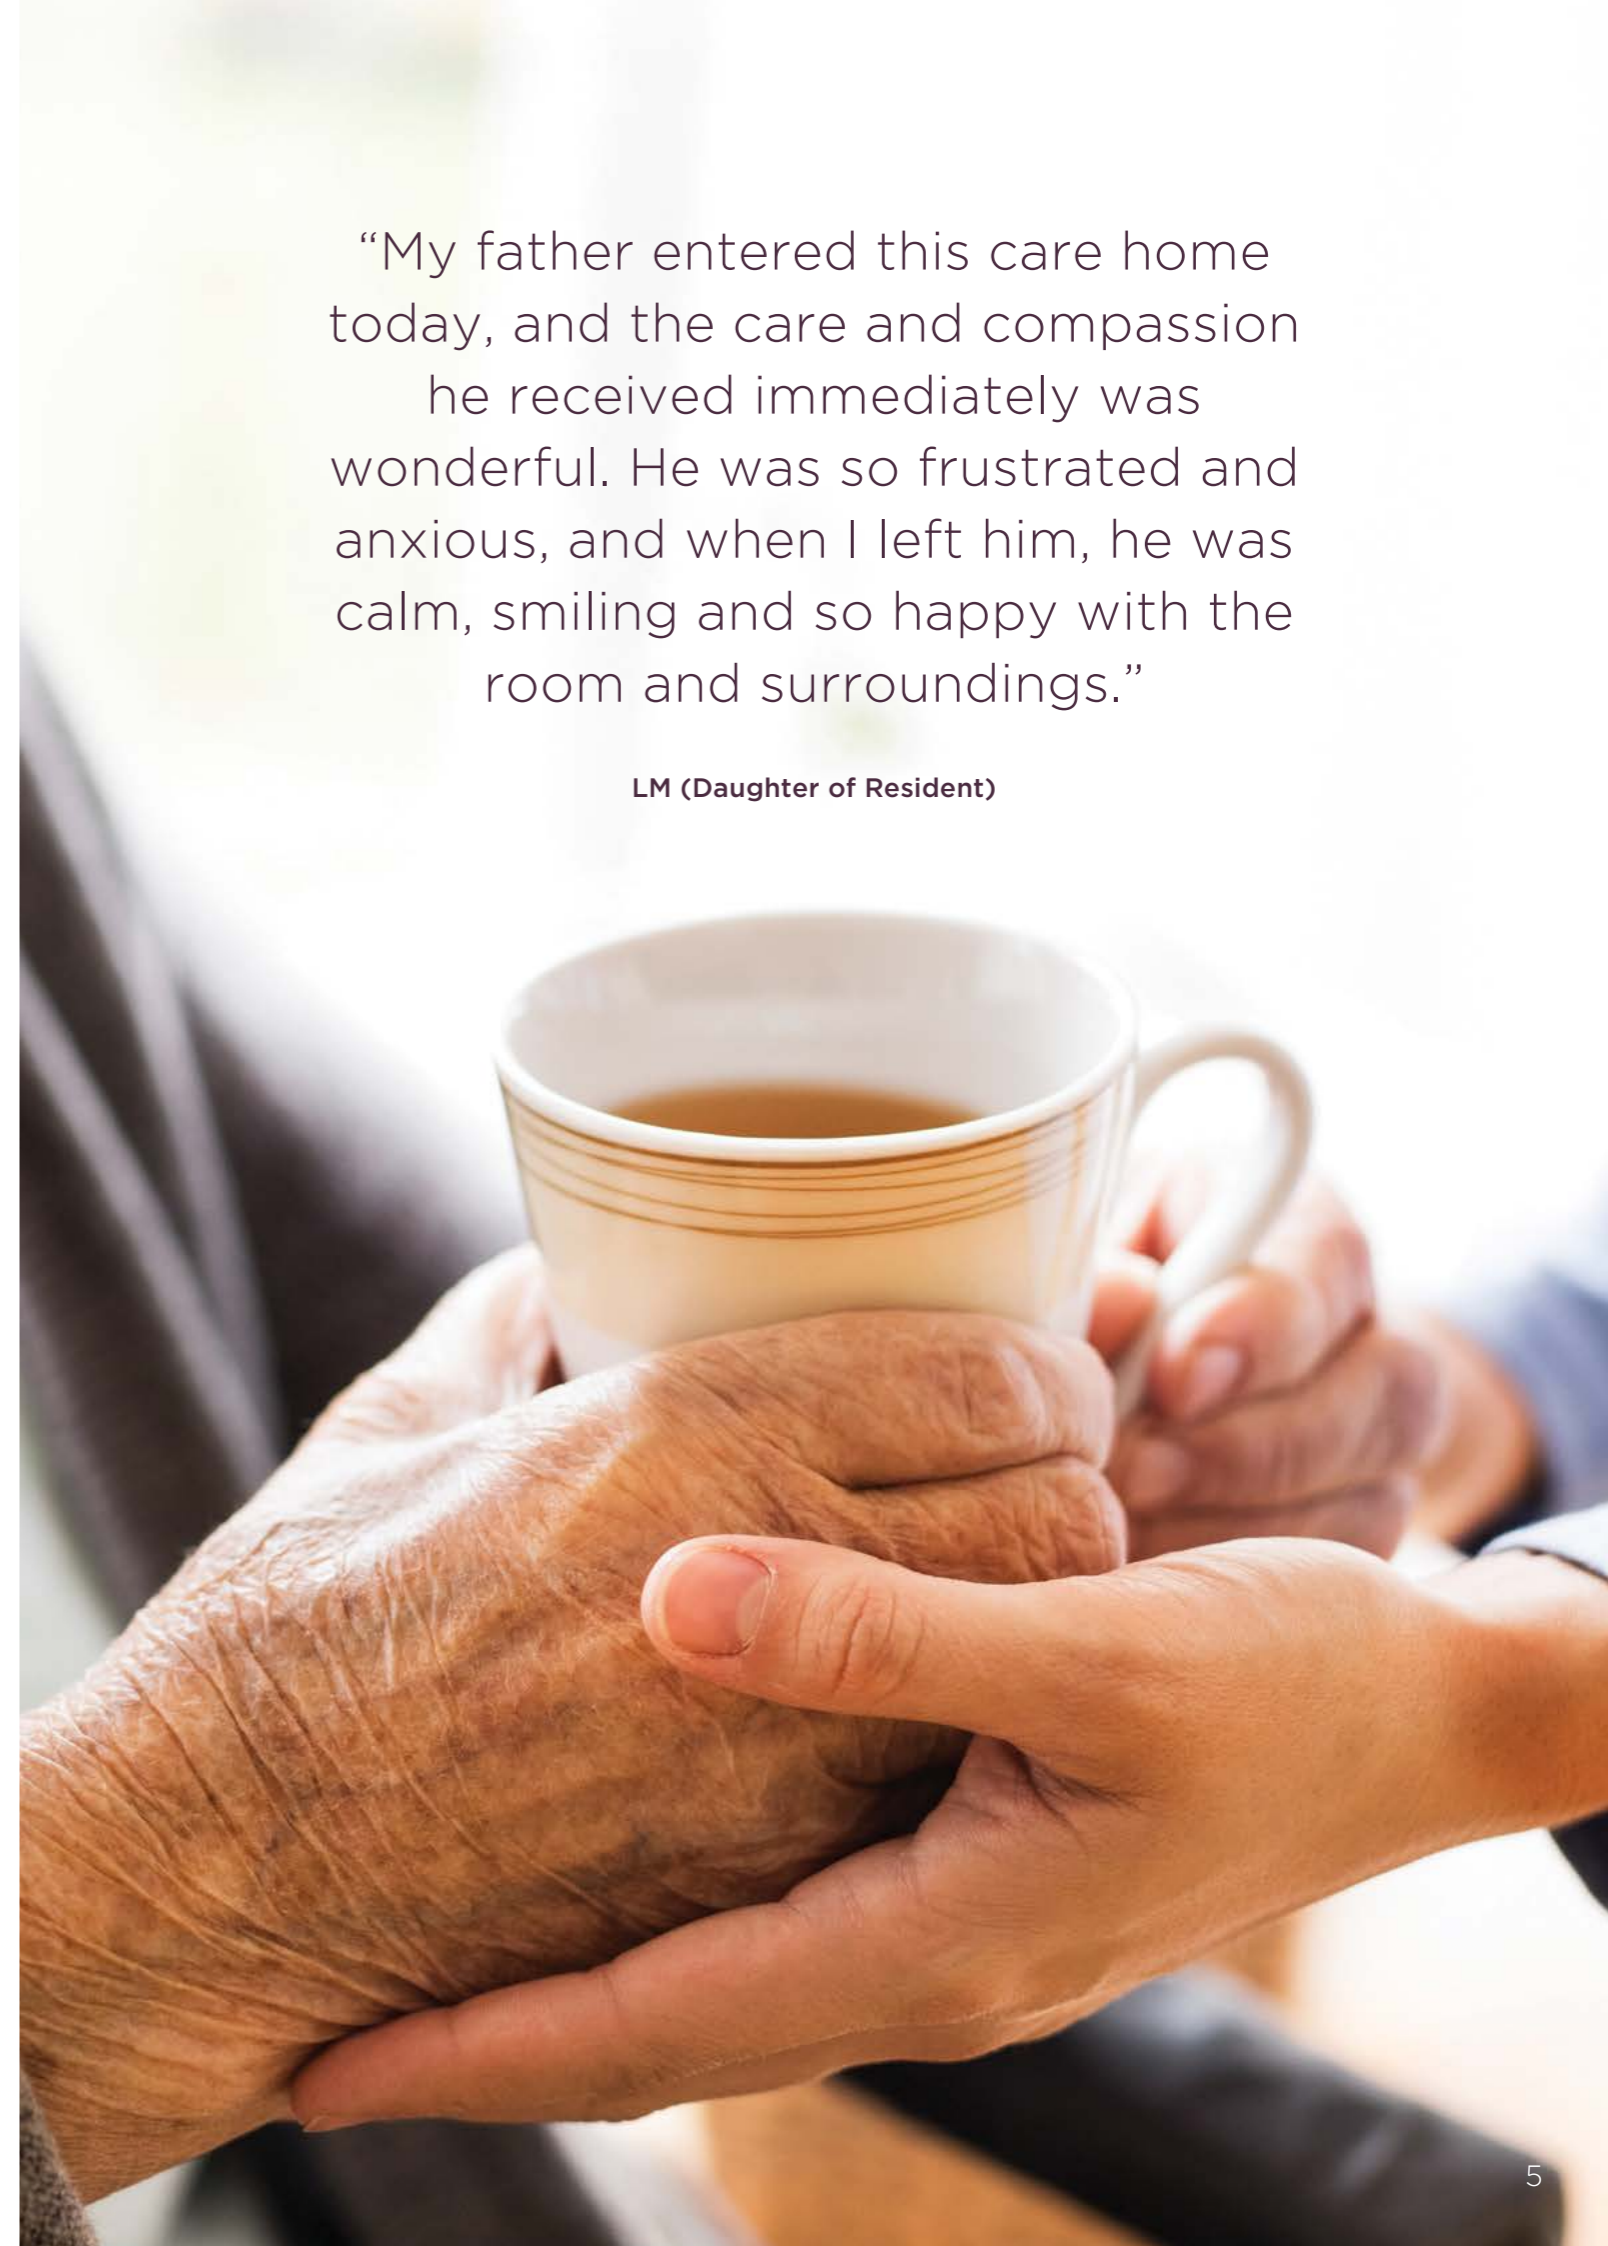

Whether it’s watching a screening in the cinema, taking some gentle exercise in the gym, a visit to the hair salon, or simply relaxing with fellow residents, family and friends in the lovely courtyard garden, there’s something for everyone to enjoy.

Superb care is delivered through great relationships between residents and the staff who go the extra mile to look after them. Creating a sense of community and feeling of belonging is a cornerstone of the home’s ethos and something that we strive to achieve for all within the Studley Rose ‘family’.

“My father entered this care home today, and the care and compassion he received immediately was wonderful. He was so frustrated and anxious, and when I left him, he was calm, smiling and so happy with the room and surroundings.”

Quality without compromise

Designed with great consideration, Studley Rose provides a comfortable and calming environment.

Each well-proportioned bedroom is individually decorated to a luxury standard. En-suite wet room facilities ensure privacy and dignity for residents at all times.

The home also boasts wonderful communal spaces including a number of dining, lounge and first floor terrace areas in which residents and their families and friends can get together and socialise. For stimulation and engagement, activities are held every day and we offer a fun events calendar. Just as importantly, there are also plenty of quiet spaces indoors and out – perfect for relaxing with a cup of tea or enjoying a spot of gardening.

“Mum’s stay here has been marvellous. She loves it so much; she praises everyone. At 97, we thought this was the best option for her, and we were right. Everyone is so friendly. When I get older, I would love to live here.”
