ENRICHING LATER LIFE

Warmth, friendships and a sense of belonging

Award-winning MACC Care is proud to present Heathview Rose, a luxury care home in Shirley, offering professional and personalised care and support for up to 72 residents.

This thoughtfully-designed home offers an inspirational living environment. Here, besides every home comfort and modern convenience, a 'family' ethos presides, bringing warmth and enrichment to all within our community.

Superb facilities throughout the home foster a vital sense of inclusion and wellbeing. Inviting communal areas provide the perfect backdrop for socialising and an inventive calendar of daily events and activities. Quieter areas, indoors and out, enable residents to relax and unwind.

Maintaining and building connections is important at Heathview Rose too, so the warmest of welcomes is extended to residents' families, friends and the wider Shirley community.

“...since my father has had a stroke his needs have been greater and the nursing and care team have adapted to help give him the additional help he needs. The home itself is great, a lovely ‘hotel-style’ environment but it is the staff who are all so positive, warm and friendly that makes it such a great place for him (and the other residents) to relax and enjoy life.”

A place to feel at home

Light-filled and calming, each beautiful and well-proportioned private bedroom at Heathview Rose is individually decorated to a luxury standard. En-suite wet room facilities always ensure privacy and dignity for residents.

The home also offers light-filled, inspirational communal spaces for residents and their families and friends to enjoy. From socialising over coffee, to trying new activities or being pampered in the salon, there's variety and enrichment for everyone. And for times when all you need is your own company, quieter spaces, inside and out, make it easy to relax and unwind.

For optimal wellbeing or a spot of pampering, a range of additional services are available, including massages and manicures. We can also arrange aromatherapy, chiropody, physiotherapy, occupational therapy, dental hygiene and eye testing appointments.

“She has gone from strength to strength with the help and support of the fantastic staff at the home. Everyone goes the extra mile to help and offer advice. My mum has found a new family and for me it was lovely to see her twinkle back in her eye... It's just brilliant to know mum is being looked after so well and she actually said to me, 'I am happy to be here'. I can't ask for anything else.”
