MACC
CARE

Quality care, every home comfort and plenty of good company

Leighton Rose is MACC Care's first state-of-the-art luxury care home in Bedfordshire, designed to provide a safe, warm and welcoming community for up to 71 residents.

Modern, light and spacious throughout, the home offers the ideal environment for loved ones looking for the day-to-day support and companionship that residential care brings, with the added reassurance of knowing that should needs change over time, personalised nursing and dementia care is readily available.

No-one at Leighton Rose ever need feel lonely. Whether getting together with fellow residents and family for coffee or a drink in the bar, enjoying the wide range of daily activities and new experiences, taking in a screening in the cinema or relaxing in the hair salon, the facilities are superb and conducive to wellbeing.

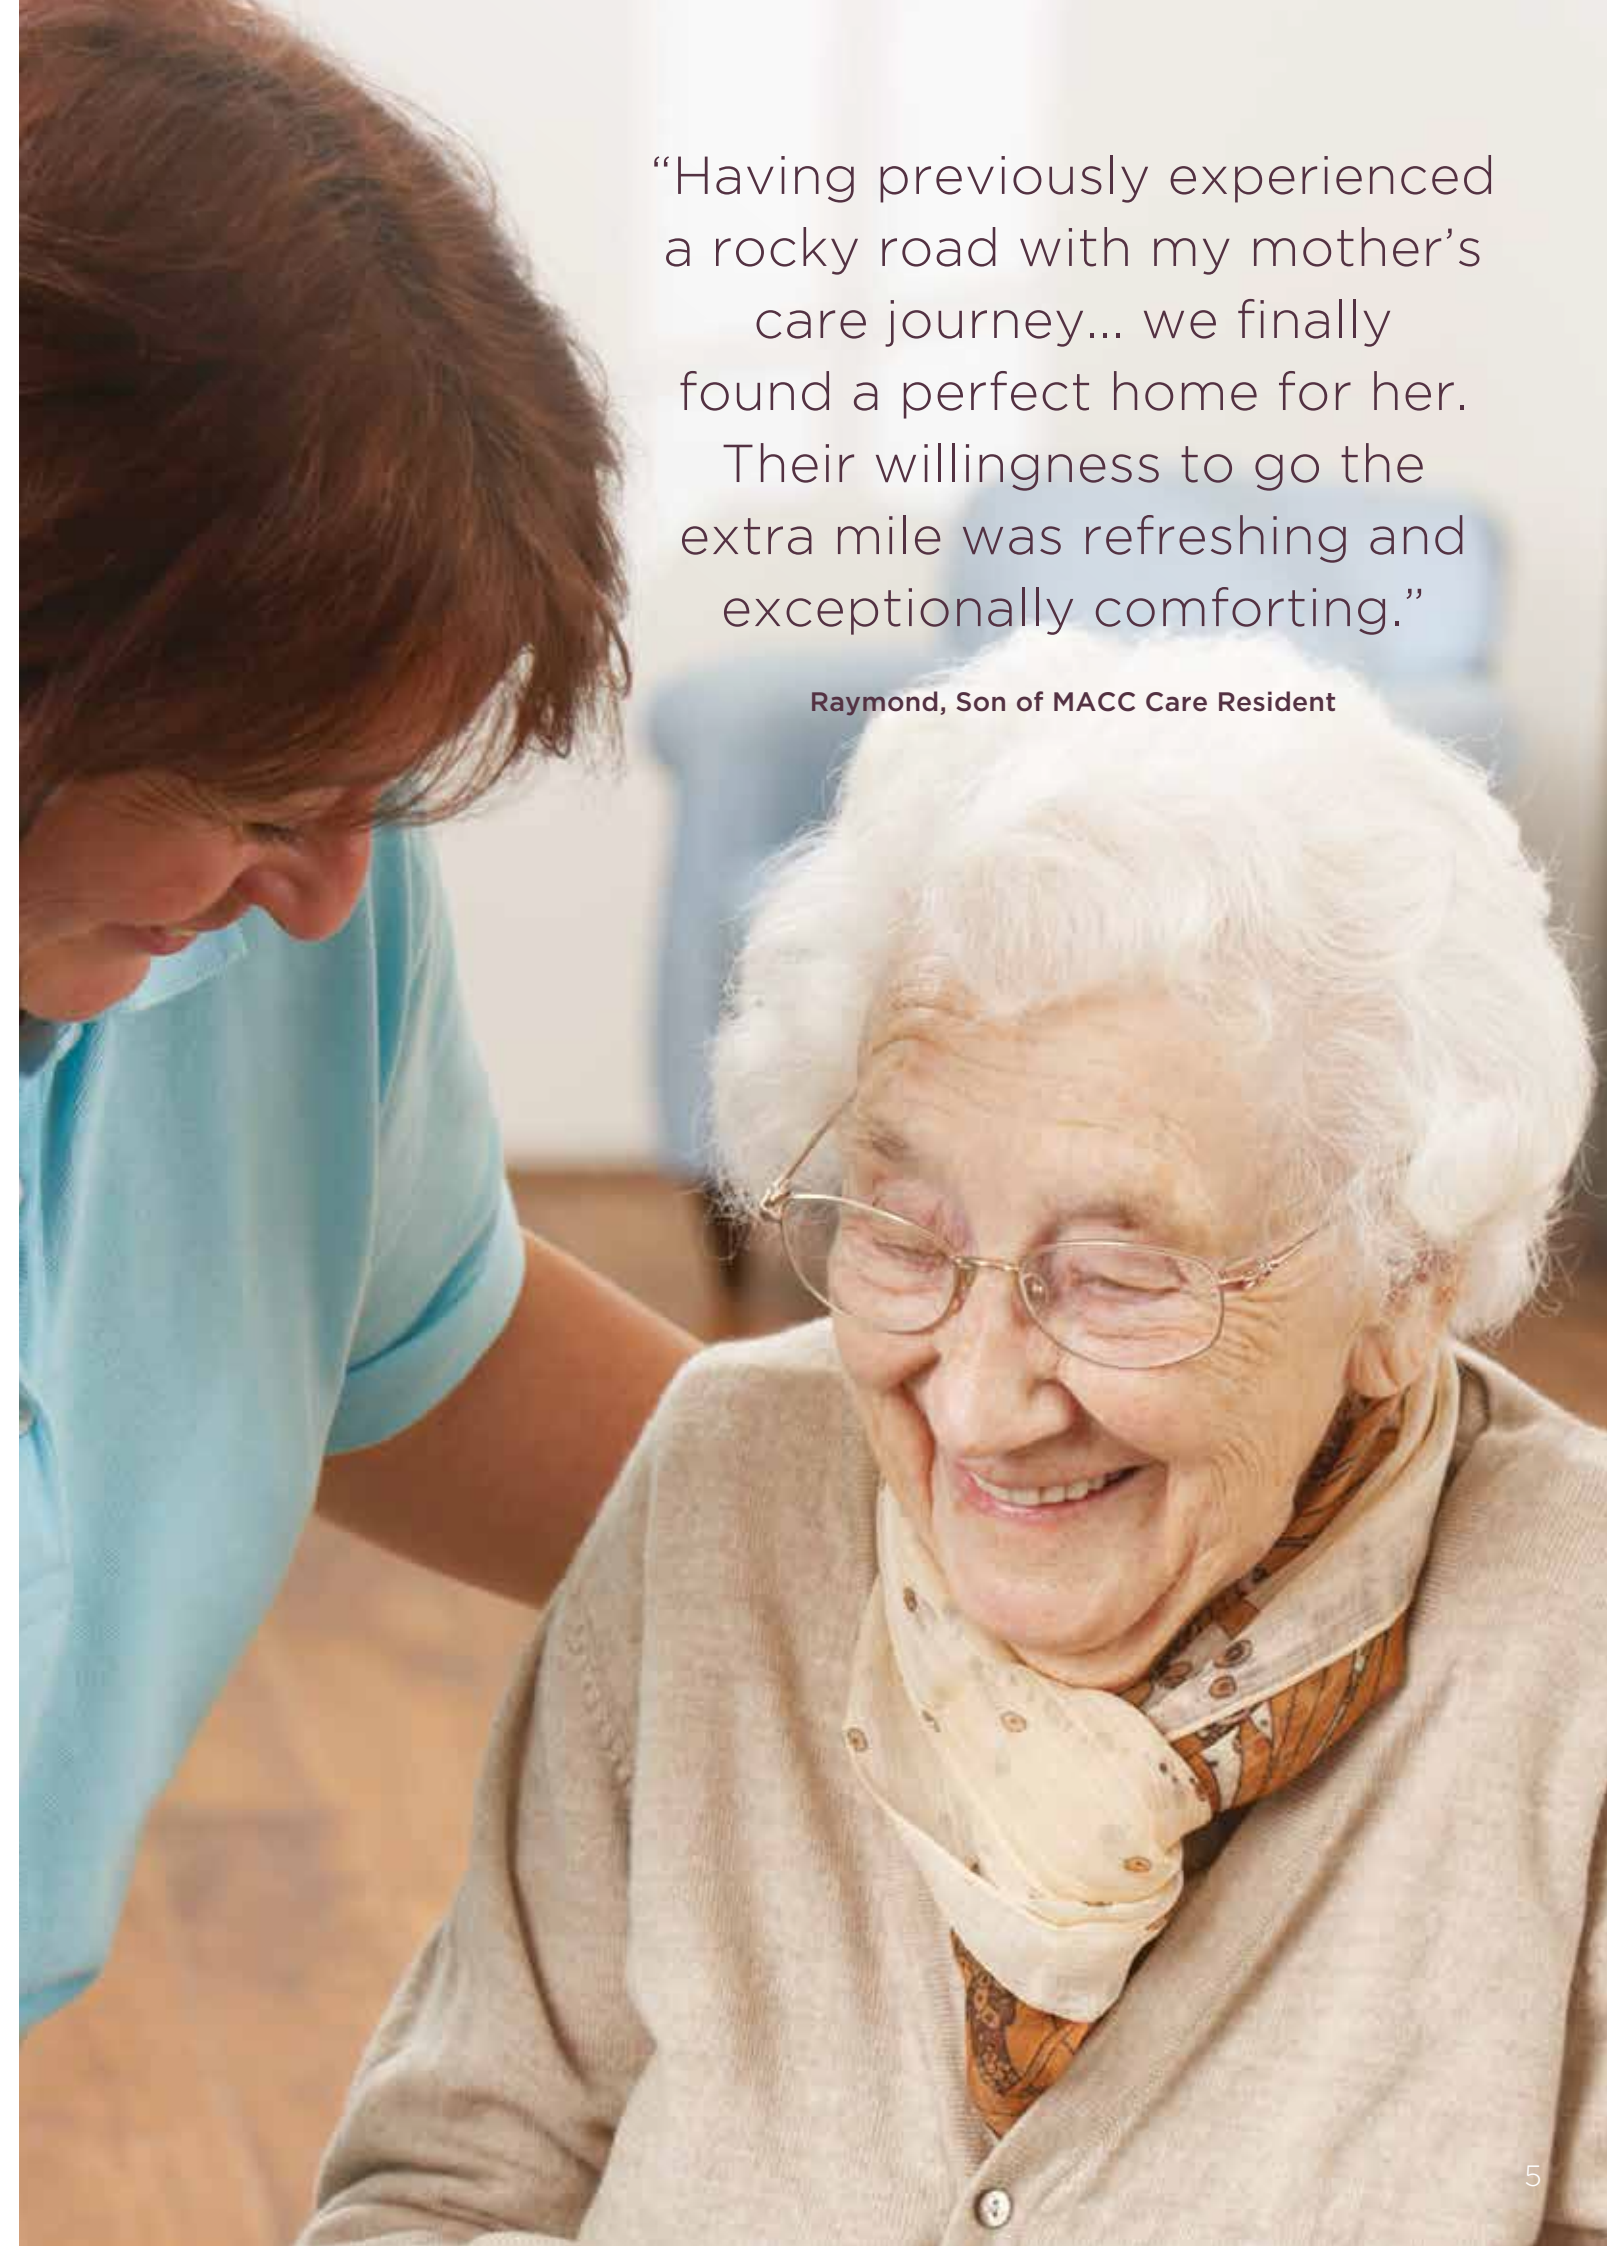

Just as importantly, the home provides quieter areas, indoors and out, for residents who would prefer to relax with a good book or enjoy a spot of gardening or 'me time.'

Creating a feeling of belonging is a cornerstone of the home's ethos. Excellent care is delivered by friendly, highly trained staff who take the time to get to know each resident as an individual and go the extra mile to look after them as if they were family.

"Having previously experienced a rocky road with my mother's care journey... we finally found a perfect home for her. Their willingness to go the extra mile was refreshing and exceptionally comforting."

Raymond, Son of MACC Care Resident

“It’s beautiful. Lovely atmosphere. Kind caring staff, from top to the bottom. No problem too small. They are a wonderful blessing. And the whole family just breathes a sigh of relief, knowing that our mom is so well looked after. When she first came to the home, she was seriously depressed, but within days of being there she became her old self; happy and confident.”
